

Evil on Swift Wings

DevilDriver

It boils down to
That I'm bored to tears,
Bottom line is it ends right here!
Shot yourself
Cried short changed save your breath.
So say what you will,
Scrape the bottom
I've had my fill!
Sell yourself
You've sold out
Sent packing
By yourself!Entry
Into the empty
I have a tongue
Like a machete.
So be ready!I am
Evil on swift wings
That comes to punish all things
A whisper in a windstorm!I am
Evil on swift wings
Echoes in the trees.
Voices on the leaves,
That carry!Soul's mine
Cause you're at sick
Your sold down the river of Styx
Shot out
And shut down
Just a total let down
Blood boils
Bored to tears
Bottom line is it ends right here!Exit
Into the empty
I have a longue
Like a machete,
So be ready!I am
Evil on swift wings
That comes to punish all things
A whisper in a windstorm
I am

Evil on swift wings
Echoes in the trees,
Voices on the leaves.
That carry! Got swept up
GOD knows now,
Got swept up and taken
I'm good as polished gold For
Every reason.
There's a season
Face up to the facts
4 by 2
I'm leaving you
Foul play
No longer fair play
It's just a reality There's no last minute turning back
Figure the flag is down
And you're not Holier than thou! I am
Evil on swift wings
That comes to punish all things
A whisper in a windstorm
I am
Evil on swift wings
Echoes in the trees
Voices on the leaves
That carry I ...am EVIL!
On swift wings. on swift wings!
I am EVIL.....'
