We Got It Wrong

St. Lucia

(Don't go, don't go away)Under the stairs, simple enough
We got it wrong
This heart's broken, apartWe shaped an illusion of trust
We got it wrong
Your heart, openUnder the stairs, simple enough
We got it wrong
This heart's broken, apartWe shaped an illusion of trust
We got it wrongWait, wait, wait
Morning sun
But you can't remember now
(Who are you to tell me why)You don't want to know the answers
You're better off by self(Don't go, don't go away)
