Bitches

Hollywood Undead

[Intro: Deuce]
Bitches I Hope you know...
Bitches I Hope you know...[Chorus: Deuce]
Bitches I hope you know,
I won't stop till I hit that hoe.
Baby come say hello,
And get your drunk ass over here let's bone.
Bitches I hope you know,
I won't stop till I hit that hoe.
Shorty come say hello,
And get your drunk ass over here let's bone.[Verse 1: Funny Man & Charlie Scene]
Yo, I'm up in the club and the party's jumping,
Bitches passing by and they're eyeball-fucking.
I'm drinking Cristal now they're trying to kiss me,
Saying "Funny Man, can you sign my titties?"
Now I got four bitches in the back of my Rover,
The fantastic four saying "Funny, can I blow ya?"
Three were preppy and one was scene,
So three for me and one for Charlie.
This girl's seventeen now I'm a pedophile,
Now she's showing me her tits I think this girl's gone wild.
I whipped out my dick and her jaw hit the floor,
Acting like she'd never seen a magnum before.
Turn off the lights and now I'm gonna film it,
Turn on the night-vision like she's Paris Hilton.
Funny Man walked in and said "chupa mi pito",
And she munched on his dick like a macho burrito.
Fuck yeah![Chorus: Deuce]
Bitches I hope you know,
I won't stop till I hit that hoe.
Baby come say hello,
And get your drunk ass over here let's bone.
Bitches I hope you know,
I won't stop till I hit that hoe.
Shorty come say hello,
And get your drunk ass over here let's bone.[Verse 2: Johnny 3 Tears & J-Dog]
Now I'm kinda lasting, candle waxing,
I like your fat ass, bitch grab my jacket.
And grab a taxi and get in the backseat,

Fuck, suck dick, lick, man we nasty.
Drive fast please 'cause this booze is not lasting,
One too many shots and I seem to be passing.
I think this chick is down, yeah she's down for the threesome,
I call the homey J just to see if he need some.
Just got back coming from the bar,
Rubbing on this chickie's titties in the back of her car.
But your first mistake you said you liked my band,
The seconds was you put my undead dick in your hand.
And I'm taking secret pics on my cellular phone,
I got my fingers in places where they don't belong.
Horny as fuck, pressing my luck,
Need my dick sucked so bitch give it up![Chorus: Deuce]
Bitches I hope you know,
I won't stop till I hit that hoe.
Baby come say hello,
And get your drunk ass over here let's bone.
Bitches I hope you know,
I won't stop till I hit that hoe.
Shorty come say hello,
And get your drunk ass over here let's bone.[Bridge: Deuce]
Let's both get faded,
'Cause you know that I want you.
Let's both get naked,
Girl you know that you want to.
Baby we can have a party tonight,
I wanna hit it 'cause I know that it's tight.
Baby we can have a party tonight,
I wanna hit it all night, all night, all night, all night![Chorus: Deuce]
Bitches I hope you know,
I won't stop till I hit that hoe.
Baby come say hello,
And get your drunk ass over here let's bone.
Bitches I hope you know,
I won't stop till I hit that hoe.
Shorty come say hello,
And get your drunk ass over here.
Don't stop yet I'm almost there!
Get your drunk ass over here let's bone!
