

I Need Air (Nathan Jassi's Bootleg Remix)

Magnetic Man

(I need air) Electrify my body
And you're making me feel like I'm so electric
Everything you do is making me blow-blow-blow
Don't know what to do about it
Can't seem not to live without it
All I wanna do is just know-know-know
You suffocate my mind
And now my atmosphere is crowded
And you being here is making me blow-blow-blow
You penetrate my space
And now I'm looking outta place
And you're making it hard for me, I need air I breathe air
I breathe air
I breathe air
I breathe air Kaleidoscope of colors that you bring to me
You're freaking out my energy
I'm losing and you're making me low-low-low
Don't know what to do about it, you and I can't live without it
All I wanna do is just go-go-go
You smother my emotions
Now I'm driving in your ocean
And I'm running and I'm feeling like I don't care
Penetrate my space
And now you're looking outta place
'Cause you're making this hard for me, I need air I breathe air
I breathe air
And you're taking my air
I breathe air
I breathe air Making my body so erotic
It's making my body so erotic I breathe air
I breathe air You penetrate my space
And now I'm looking outta place
And you're making it hard for me, I need air I breathe air (I breathe air)
I breathe air
Yeah,
I breathe air
Can you feel it, yeah
I breathe air
And you're taking my air Yeah,

Air
And you're taking my air
Yeah,
(I need air)And you're taking my air
