

A Christmas Twist

Si Cranstoun

Well let's all unite
and share in this deligh
Christmas is a time to celebrate
So get yourself together for christmas weather
And let the candle light the way
Hey we're gonna share a lot of festive huggin'
Yeah we're gonna post a lot of yuletide lovin'
There won't be any tears if we all open up our hearts
Merry Christmas everybody
Merry-merry christmas to-a-each an-a-everyone
So come on people and have yourselves a ball
Peace and love for all!
Merry Christmas everyone
Yeah it's all across the nation
See the decoration
Listen to the ringing bells a-ring
Oh the sleighs up and running
Santa Claus is coming
With a lot of gifts to bring
Hey we're gonna live it up and feel that glory
Yeah we can forget about the stress on worries
This year they'll be no tears if we all open up our hearts
Merry Christmas everybody
Merry-Merry Christmas to-a-each an-a-everyone
So come on people and have yourselves a ball
Peace and love for all
Merry Christmas everyone
(Oh) Now's the time we can leave all our troubles way behind
(Oh) Now's the time for us all
To bring it all together and party-party
Merry Christmas everybody
Merry-Merry Christmas to-a-each an-a-everyone
So come on people and have yourselves a ball
Peace and love for all
Merry Christmas everyone
Everybody
Merry Christmas everyone
Everybody

Merry Christmas everyone
