Beige to Beige

John Mellencamp

No songs on the stereo
That we could sing with anymore
No dance that I can do
That would not embarrass you
A sound bite here and there
With no reason for me to careIt's just beige to beige, that's all it is these days
Little windows for you to crawl through
You just do what's expected of you
It's just beige to beige to beige these daysUniforms for this and that
To be in our club you must wear this hat
Charlie's gonna look out for you
You just do what you're supposed to do
You're gonna fit in here just like you should
Learn the rules and learn them goodIt's just beige to beige, that's all it is these days
Little windows for you to crawl through
You just do what's expected of you
It's just beige to beige to beige these daysIf you need a thought we'll give it to you
Our statistics show what we do is true
A world without color is a world without sound
A world to keep the rabble down
So close the deal, close the door
Forget about the colors that you knew beforeIt's just beige to beige, that's all it is these days, yeah
Little windows for you to crawl through
And Charlie gonna take care of you
It's just beige to beige to beige these days
