

Gemini

Keith Urban

She's not quite a contradiction
She rolls with it
Quick with a snap decision
I'm fine with it
Strong on her strong opinions
I'm weak for it
It's not just one thing
Not one just thing
I want all of it Emotionally, physically divin' right into me
Emotionally, physically gettin' a hold of me
Emotionally, spiritually movin' so close to me
I wonder if she knows
Chorus:
She's a maniac in the bed
But a braniac in her head
And I know what everybody knows
Mm mmm baby she's both
Wears the hell outta that dress
But she's pretty even when a mess
And I know what everybody knows
Mm mmm baby she's both All of my complications
She's sees through it
I don't know if it's because of
Or in spite of it
But I don't doubt her intentions
When she's sayin' it
It's not just one thing
Not one just thing
I want all of it
Emotionally, spiritually movin' so close to me
I wonder if she knows
Repeat Chorus She's in my soul, I'll never let go
She's in my heart now, in my heart now Repeat Chorus She got the stars comin' out of her eyes
And got everybody starin'
Like they're caught in the headlights
A little bit left
A little bit right
She'll wake you to make love
In the middle of the night

And every breath that I take is brand new
I'm a man brought back to life
Castor and Pollux sent you to save me
I've returned to my Gemini
