Crystal Clear

Goldie

i was told when i was young,
that i could one day hold the world right as it spun,
but now it seems as though
i've made a mess of everything i've ever done
could i forget it all?
follow the setting sun...
it's crystal clear to me
that i've been killing time
nothing's going to stand in my way
cos i'm not done,
even if the sun sets i will start a fire
to change your mind
a scar is just a mark,
not a burden but a start of something new

even stars in the end fade,
given time coast lines will change so why won't you?
could i forget it all?
i've lost teeth, failed every test,
my broken heart's the only thing of any value i have left
it's crystal clear to me
that i've been killing time
nothing's going to stand in my way
cos i'm not done,
even if the sun sets i will start a fire
to change your mind
you will see me in the dark
burning brighter than the stars
i defy the motion of the setting sun
i hold my head up high cos i'm still here
