

Reaction

Cracker

Saw you standing at mcarthur station
Saw you talking to your new boyfriend
But you know my reaction has nothing to do with you You know it's not my problem if you're not over me
You know it's not my problem if you still that I still care
You know it's not my problem if you see it differently
You've got your life, I've got my life
Girl don't you think, it's time for you to move along
Girl don't you think, it's time for you to move along You were waiting for the doors to open
Gilbert [?] union show
But you know my reaction has nothing to do with you You know it's not my problem if you're not over me
You know it's not my problem if you still that I still care
You know it's not my problem if you see it differently
You've got your life, I've got my life
Girl don't you think, it's time for you to move along
Girl don't you think, it's time for you to move along
