

# The Anti-Sex Backlash of the 80's

## The Roches

Oh God, Gilbert when you said that  
I'm afraid I'll have to jump across the gorge  
Like in this book I'm reading When you read it back  
You need a painkiller, painkiller but I'm sober  
Stuck on some thought I can't express I saw a part of you that was threatening to me  
And I felt that I was messing in it  
That fundamental problem with being friends Some people around here  
Can watch punky Brewster and that's about it  
I probably would have been a little bored  
Waiting for that one comment One comment that ruins everything  
But it is all subconsciously being said  
All subconsciously being said  
All subconsciously being said  
All subconsciously being said If you are a sexist pig  
Then I have got to dislike  
Dislike, dislike you For the rest of my life  
I will have to listen  
To certain devastating things  
For the rest of my life For the rest of my life, my life  
My life, my life, my life
