Your Way

Netsky

[Kelly (Rap):]Uh Uh Uh Uh Uh
You can feel it when the beat come on
B5, blow the speakers out ya jeep whateva street you on.
Keep the haters jealous that's fasho
who you know keep the girls screamin' backstage askin fo mo?
That's us they say we dance to much but it's a must.We dance,
we badboys and we can't be touched.
Let it go shawty rock to this ,
Me and Diddy in the six , tell ya friend I said excuse me miss
[Verse 1 (Dustin):]Yo excuse me for staring, but that skirt that you're wearin had me imaginin' so many things oh
It was cute you were so shy
But you smiled and i said hi
That's how we began, it wasn't planned
[Bryan:]Though we never know?
[Hook:]Though we never know who we gon' love in life?
Babe I think I may have found my future wife in you
Could it be true?
Anytime you call you know that I'll be there
Sure make sure you hear each time I say my prayers at night
You are the light
[Chorus:]And it's your way
'cause there's nothing that can measure to my shawty
No way, No way
. But your way
'cause I never knew what love was till you showed me
I love it when you hold me you hold me girl in your way
[Bryan:]Ow ow ow ow ow
[Verse 2 (Carnell):]Can we keep it a secret that we chilled on the weekend till our friends found out that we went out
Oh ho ho girl
[Dustin:]And we danced at the parties
from the moment they started
I can't live without having you around
[Bryan:]
Oooh and though...
[Hook]though we never know who we gon' love in life (like this)
Babe I think I may have found my future wife in you (in you)
Could it be true? (anytime you call me)

Anytime you call you know that I'll be there
Sure make sure you hear each time I say my prayers at night (at night)
You are the light (and it's your way!)
[Chorus]And it's your way (your way)
'cause there's nothing that can measure to my shawty (my shawty)
No way, no way
but your way (your way)
'cause I never knew what love was till you showed me (and I love it when)
I love it when you hold me you hold me girl in your way
[Bryan]Ow ow ow ow ow
[Bridge:]Baby I love it your way
(Girl you know I love it I love it your way)
Don't care what my friends might say
(I don't really care what my friends might say)
There's no one like my shawty
(No one in the world just like my shawty)
'cause your so perfect for me
(And it's your way!)
[Chorus]And it's your way
'cause there's nothing that can measure to my shawty (You better believe it babe)
No way, no way
but your way (your way)
'cause I never knew what love was till you showed me (and I love it when)
I love it when you hold me you hold me girl in your way
[Kelly:]B5
(Girl you know I love it I love it your way)
Just rock to this
(I don't really care what my friends might say)
Yo bad boy
(No one in the world just like my shawty)
Uh naw
(Love it when you hold me , you hold me girl in your way)
