Savannah

Shannon McArthur

Fill your tanks up, hit the gas
hold it down now, till we pass
south of the border, too many signs
oh Savannah here we come, Here we comeJohn B claims that he's about to kill two fifths
some say he's done it, yes I'm sure it ain't no myth
he likes that Jack and Jim, they treat him oh so well
oh Savannah here we comeYeah we headin' down to Georgia
Damn right we lookin' forward to hanging around
Nobody's bringin' us down, Nobody's bringin' us downopen bar and a open mic
"How may I help you, sir, oh, what would you like?"
"I'd like a shot or two to keep my spirits up"
Oh Savannah here we comeYeah we headin' down to Georgia
Damn right we lookin' forward to hanging around
Nobody's bringin' us down, Nobody's bringin' us downGrab a taxi, head into town, there's no relaxin' once the sun goes down, let's all go runnin' through the streets screamin' out loud, Oh Savannah here we comeYeah we headin' down to Georgia
Damn right we lookin' forward to hanging around
Nobody's bringin' us down, Nobody's bringin' us down
