Squeeze Me - Music from The Spongebob Movie Sponge

N*E*R*D

Play with us before we melt
Errybody enjoy yourself
The best part is the middle of me
Iâ€™m your sponge baby go on and squeeze

Iâ€™m better than pillows, wonâ€™t you believe me
Squeeze me

Squeeze me till I pop
Squeeze me till you drop
Yeah, here we go now
Yeah, here we go now

Iâ€™m like cute aggression, wonâ€™t you believe me
Squeeze me

Dang, dang, diggy-dang
Everybody in the rain
Tell me shine like a chain
Wipe it up like a stain
Uppercut, yup again
A double dutch with Lil Wayne
Do it till you vomit again
The job done now

So refreshing, wonâ€™t you believe me
Squeeze me

Oh how are you now
Come again with the hot smile
Hydro glow style
Jellyfish with the hot gals
Adidas let me go far out
So you could be the superstar now
Get a big head thatâ€™s round
Mrs Puff style

Better than your teddy bear, wonâ€™t you believe me

Squeeze me
