Sorceress

Sleepchamber

dark priestess comes to me in spite
sucking unholy delight
she spits my dicksnot out, onto the wall
with a, "fuck it all!"
and she makes my body ache
i can feel the mental break
how will i last a single minute more with this pagan whore
all i know is she is mine
and i am hers and thats just fine
to fuck so fierce we lose our minds
two beast in heat until we die
and i would kill the world for you
if you only ask me to
my sorceress, what would you have me do
