# Go Goodbye

## Brie Larson

Why does it always seem
That you and I go between
Some kind of love and hate?
One minute it seems alright
Next a big, big fight
What a confusing state
We've got to accept
That it's not meant to be
I'm letting you go so you can be free
Go, just leave, just walk away
Don't look back, you can't stay
I finally said, "Goodbye to you, baby"
So go, just leave, just turn around
You can't stay 'cuz you bring me down
It's probably the hardest thing to do
Go, goodbye to you
There's more fish in the sea
More than just you and me
Gotta get off this ride
Haven't you figured out
That this just won't work out
Too many times we've cried
We've got to accept
That it's not meant to be
I'm letting you go so you can be free
Go, just leave, just walk away
Don't look back, you can't stay
I finally said, "Goodbye to you, baby"
So go, just leave, just turn around
You can't stay 'cuz you bring me down
It's probably the hardest thing to do
Go, goodbye to you
I know there's someone out there for you
Better than me
I just can't be the kind of girl
You want me to be
It's not me, can't you see, baby?
Go, just leave, just walk away
Don't look back, you can't stay

I finally said, "Goodbye to you, baby"
So go, just leave, just turn around
You can't stay 'cuz you bring me down
It's probably the hardest thing to do
It's probably the hardest thing to do
Go, goodbye to you
Go, goodbye to you
Go, goodbye to you
