

# Rocket Ship

## Gwen Stefani

[Gwen]

(Here we go!) You've been wrapping these chains all around me

On a leash, thinking I'd obey

I know exactly what you think about me

That I wouldn't, that I couldn't escape

Just like helium in my body

To the top, I'mma elevate

I know exactly what you've heard about me

That I wouldn't, that I couldn't escape

But...! I'm taking this rocket ship to the moon

And then my whole crew coming with me (coming with me)

We're getting so high up here from the fumes

And then my whole crew coming with me (coming with me)

Here in this rocket ship, here in my rocket ship, uh huh

Here in my rocket ship, here in my rocket ship, uh huh Look at me rising, I'm not even trying, like woah-woah-woah

Look at me rising, I'm not even trying, like woah-woah-woah Looking down from a distance

I think I made a clean getaway

Waving goodbye, blowing kisses

While we sipping, while we sipping champagne

Watch me going up, I'm out of sight

Get out my way-ay-ay-ay I'm taking this rocket ship to the moon

And then my whole crew coming with me (coming with me)

We're getting so high up here from the fumes

And then my whole crew coming with me (coming with me)

Here in this rocket ship, here in my rocket ship, uh huh

Here in my rocket ship, here in my rocket ship, uh huh Look at me rising, I'm not even trying, like woah-woah-woah

Look at me rising, I'm not even trying, like woah-woah-woah I know you want some of this

I know you want some of this right now

I know you want some of this

So come and get it, come and get it, come and get it, get it

I know you want some of this

I know you want some of this right now

I know you want some of this

So come and get it, come and get it, come and get it, get it I'm taking this rocket ship to the moon

And then my whole crew coming with me (coming with me)

We're getting so high up here from the fumes

And then my whole crew coming with me (coming with me)

Here in this rocket ship, here in my rocket ship, uh huh  
Here in my rocket ship, here in my rocket ship, whoaLook at me rising, I'm not even trying, like woah-woah-  
woah!  
Look at me rising, I'm not even trying, like woah-woah-woah!
