Foals

Quite a heartbeat
You're quite a heartbeat
Race right through you
You sleep like small stars fly back home Quite a heartbeat
(Shine like million)
You're quite a heartbeat
(Shine like million)
Race right through you
(Shine like million)
You sleep like small stars fly back home I, come on
I, come on
I, come on
I, come on Oh, come on
Oh, come on
Oh, come on
Oh, come on We are everywhere
We are everywhere
We are everywhere
We are everywhere I, come on
I, come on
I, come on
I, come on Oh, come on
Oh, come on
Oh, come on
Oh, come on Quite a heartbeat
(Shine like million)
You're quite a heartbeat
(Shine like million)
Race right through you
(Shine like million)
Have we come too far to get home? Quite a heartbeat
(Shine like million)
You're quite a heartbeat
(Shine like million)
Race right through you
(Shine like million)
You sleep like small stars fly back home I, come on
I, come on
I, come on

I, come on Oh, come on

Oh, come on

Oh, come on

Oh, come on
