

# Why Didn't You Call Me

Macy Gray

We went out one night  
Everything went right  
We got something started  
It was outta sight And we had such a good time  
Hey! Why didn't you call me?  
I thought I'd see you again By the phone I wait  
Staring into space  
Thinking about our first kiss  
Out on our first date And we had such a good time  
Hey! Why didn't you call me?  
I thought I'd see you again Why don't you call me again?  
And I'm gonna ask when I see you again  
Thought you would be my man, my lover, my friend  
And then I never thought it would end so quickly  
It would end I've resorted to  
Hanging up on you  
I know, you know it's me  
How else will I talk to you? And we had such a good time  
Hey! Why didn't you call me?  
I thought I'd see you again Why don't you call me again?  
And I'm gonna ask when I see you again  
Thought you would be my man, my lover, my friend  
I never thought so it would end so quickly  
It would end We had such a good time  
Hey! Why didn't you call me?  
I thought I'd see you  
I thought I'd see you  
I thought I'd see you again
