Any Day Will Be Fine

Mojave 3

I love the sun
And the hi-lights in your hair
They turn me onAnd if you wanna go
Just go we'll run away
'Cause I don't mindAny day will be fine
Anyway will be fine
Still some distance to run
We keep movin' onYou say it's wrong
But it feels so right to me
You know it's trueAnd all these things
Are just a state of mind
You know it's trueAny day will be fine
Anyway will be fine
Still some distance to run
We keep movin' onAny day will be fine
Anyway will be fine
Still some distance to run
We keep movin' on
