

All I Need

My Bloody Valentine

You dont ask what I needed to do
When I come back youll need to choose
Oh, whatever I ask you take take take take
Oh, this is all I need to say Its in your eye, I wondered why
No need to say can we lie
(How close?)
Oh, we dont talk, you know all I need
Oh, this is what I need to take You dont ask what I needed to do
When I come back youll need to choose
Oh, all I ask you do do do do
Oh, this is all I need from you
