

# Sugar Skin

## Guano Apes

Speak your word  
Leave a sign  
No more critics  
Lay it down  
Worst demean  
I prefer you blind  
To salve your remains  
I adore  
Your last scent  
Sweet the water  
Goddamned hands  
Say the words  
My romance before  
I take your breath Want to see you run  
To  
Want to see you run  
For  
Want to see you run  
Sugar skinned my candy crim Search  
Did it hurt  
Naked body there you lie  
Don't be scared  
Feel the mood of your bones  
They get prisoners within  
There's your world  
Spit it out  
Goddamned curse so now  
You are drowned  
In the light you look like a  
Silent lean device Want to see you run  
To god  
Want to see you run  
To god  
Want to see you run  
Sugar skinned my candy crime There's your shirt on the ground  
Runaway  
There's a sound  
For a minute  
We kept out the cold Want to see you run

To god  
Want to see you run  
To god  
Want to see you run  
Sugar skinned my candy crimeSquirm to f... him  
Love in the dark  
Wouldn't you lead me  
Inside  
Your dream of sanctuarySugar skinned my candy crime  
I lay you down  
I lay you down  
Beloved
