

Set It Off

Backstreet Boys

Jams-To do?
Whatcha gonna do?
Everybody on to the floor
Good job, baby I saw you pull to the back
And roll with the cream in the back
I look at you, you look right back
Like you wanna get funky I hit the bar to buy you a drink
Feel you out to see how you think
It's do or die, I'ma swim or sink
Cause I wanna get funky I love the way you move
Can't wait to get you on the floor 'cause
You got that body baby
I came to ask you for this dance, girl Chorus:
Let's set it off (oh, show me what you got)
Let's set it off (baby let's dance girl)
Dance
Let's set it off (can't let you leave)
Can't let you leave until we dance girl
Let's set it off (oh, show me what you got)
Let's set it off (baby let's dance)
Let's set it off (wanna feel that fire)
Cause there'll be fire when we dance Hold up, it's not about sex
It's all about the vibe and the mix
You and me, one with the kick drum
Don't you wanna get funky? Let me see you rollin' the hips
Let me sneak a kiss on the lips
Let me teach you girl how to get crunk
Cause I wanna get funky I love the way you move
Can't wait to get you on the floor 'cause
You got that body baby
I came to ask you for this dance girl Chorus:
Let's set it off (oooh hoo, show me what you got)
Let's set it off (baby let's dance)
Dance
Let's set it off (can't let you leave)
Can't let you leave until we dance, girl
Let's set it off (oh yeah, show me what you got)
Let's set it off (baby let's dance)
Let's set it off (wanna feel that fire, you know there's gonna be when we dance)

Cause there'll be fire when we dance I ain't trying to take you home
Can we get our dance on?
Ain't no harm in moving your body here in the party
Come on baby let's go (we can do a two step or freestyle)
Baby let's go (do a little twist with a breakdown)
I just want your body here with me yeah Baby let's go
Give me your hand
Gonna dance
We're gonna be turning these up tonight
Baby let's go
Give me your hand
We're gonna dance
We're gonna be turning this out tonight Chorus:
Baby let's dance (woo)
Let's set it off (set it off) (show me what you got)
Let's set it off (baby let's dance girl)
