

I Wanna Go

Mase

Hey, I just wanna see you doin' good
From the first day I met you, I knew you were special
You had a lotta drama but I used to protect you
Bein' you was naive, yo, I could not let you
Do a lotta things, so I had to correct you
I'm thinkin' if you just went left instead of right
Right now, what would your life be like
An' me you know I love the good life
An' you, I know you hate the hood life
I watch you as you turn an' turn
An' burn an' burn from all your decisions
You could be a Christian, rich somewhere
But you ain't chose to listen, so get somewhere
It's never to late' til it's too late
Right now if you was with me, you'd be livin' in a new state
Ridin' around with new plates, livin' in a new place
But you couldn't tell your crew wait
I wanna go back to the days
When you were lovin' me an' I was lovin' you
I wanna go 'cause I would do so many things so differently
Maybe me an' you would still be together
I wanna go back to the days
You know, I seen you on the beach, feed her rose petals
I tell you the truth but then you want to go settle
A girl like you is on another whole level
Try to move you out the hood but you scared to leave the ghetto
I told you anything you say, you can have it
with me
I always spend a million on my fabrics
Established in lavish, carried since the habit
I'm married an' that don't mean I want you lookin' average
I thought you known that, take you where your zone
at
Peeps in the streets talkin' like they own that
I talk truth but they only want facts
When you wanna do right, you know where your homes at
I tell you wait on Lennox, that means wait a minute
Bracelet tennis, face it we finished
An' just because your not my girl
It doesn't mean you alone in this world
I wanna go back to the days
When you were lovin' me an' I was lovin' you
I wanna go 'cause I would do so many things so differently
Maybe me an' you would still be together
I wanna go back to the days
I'm in love with a girl named Twyla
I'm in love with a girl from Mississippi, named Twyla
I'm in love with a girl named Twyla
I said Twyla Betha
You know I'm in love
I'm in love with a girl named Twyla

I'm in love with a girl from Mississippi, named Twyla
I wanna go back to the days
When you were lovin' me an' I was lovin' you
I wanna go 'cause I would do so many things so differently
Maybe me an' you would still be together
I wanna go back to the days
Yeah, H World, Mason Betha
It's that feel good music
That thing that get in your soul
Before you know it, it dun took hold of you
I'm in love with a girl named Twyla
I'm in love with a girl from Mississippi, named Twyla
Everybody out there, right now it's about 4 o'clock, 5
o'clock
Matter 'fact, L.A. time in the mornin'
We did this just for you, you hear me, just for you
We back, you know, you hear, c'mon
I wanna go back to the days
When you were lovin' me an' I was lovin' you
I wanna go 'cause I would do so many things so differently
