Dance Girl Dance

The Expendables

She looks so pretty when she smiles
Her tile toenails hug the street
When within her heart you feel every emotion
As she dances to the beat

Sexy tattoos that wind around her body
They cover up scars from long along
But its still her heart that keeps everyone going
As she gets ready for the show

Dance girl dance, dance girl dance
Play your song and set them free

I made my life
To serve her every purpose
Its hard to stay in love
As it comes and goes

The sweat drips off my brow
As we tangle in our courtship
And she exclaims i love you so

Dance girl dance, dance girl dance
Play your song and set them free
Dance girl dance, dance girl dance,
Play your song and set them free

Dance girl dance, dance girl dance
Play your song and set them free
Dance girl dance, dance girl dance
Play your song and set them free.
Dance girl dance, dance girl dance
Play your song and set them free.
Dance girl dance, dance girl dance
Play your song and set them free.
