Choralone

Skinny Puppy

Unfurnished treeless barren ball
Rotates spitting toxins
Time to destroy
A balance not unlike
Rotates farther changing
Directs
And wins each vision
Each vision blurred
Not ever thinking
Linking
That shape unknown
Linking
Progress
Undermine
Basic
Binary
Off
On
Off
On
Breathe
Exhale
Exhale lungs
Green shudders
Camera fixed
Over exposed
Skin burns
Rage
The amber
Violent
Tempered
Tension
Surface stoned
Water
Paper
To air
Dry cracks
Growth denied
