

Making Money

Ben Rector

Making money isn't easy
and it sure won't make you happy
so i think it's funny
we're so concerned with
making money And money won't keep folks from grieving
and it won't stop love from leaving,
So here's my two sense
what's the use in
making money? And i know that life ain't cheap
and not all good things are free
but there is no enough and no too much
and it seems so strange to me
I just think it's funny
we're so concerned with
making money I make my living singing love songs
that I made up cause I love songs
but folks believe 'em,
so I'm receiving
paper money
Don't get me wrong, I love my lady
and I probably wouldn't trade her
but life's no better
with debts or debtors
making money And I know that life ain't cheap
and not all good things are free
but there is no enough and no too much
and it seems so strange to me
I just think it's funny
we're so concerned with
making money Everybody's got their reasons
finer wines or fairer seasons
if we're truthful
we know we're fools for
making money
