

Everyday Hate

[Madball](#)

Everyday I hate more and more
'Cuz I know the truth
It's just a role you play and nothing more
Life's a game to you But I live by another set of rules
And I know just what it takes to prove
That weak at heart is what you'll always be
Your fake ass [Incomprehensible] can't compete with me It must be hard to live in disgrace
They know the truth and now who should you blame?
You have no fucking shame
I'm the one so blame me Everyday hate, I cannot relate
You'll never be a part of my scene
You're just a fucking MC, a fucking wanna be
Now come and throw joints with me
