

Full Moon

Woods

Who am I supposed to let go?
Of the full moon in your eye
Tell me do you think we ought to know, oooh
Ridding through me, you left in time!
You know I know,
To show it won't get you home alive How are we supposed to move on?!
Shattered memory inside
Tell me do you think we ought to go, oooh?
Hunted memory will hunt in time You know I know,
To show it won't get you home alive
Oooh oh
You know I know,
To show it won't get you home alive
