

Tell Me These Things

Oak is Keeping

A man told me
Son, to be thyself and only good things will come
oh
Then he showed me how to beg and steal and cheat
Console me, cause I get what I take and break what I love

Stab me in the front
Don't stab me in the back
Stab me in the front
Use a dull blade (x2)

Use a dull blade

Fortune called me
I'm the next in line to take all the good things that will come
Let me show you how to beg and steal and cheat
What would you do?
Cause I get what take and I break what I love

Stab me in the front
Don't stab me in the back
Stab me in the front
Use a dull blade (x2)

Use a dull blade
