

Lullaby For A Sadist

Korn

It's easy I walk the circle I come down long ago
But somehow I get lost each time
Feeding this song that deepens inside that never ends
The voice within eats me up inside1 I love hurting you
2 I love your pain
3 Lets get together and play this sin ours game
4 is for the torture and
5 is for the shame
'Cause ever time you want it I get off on this gameYou wanted to play the coldness follows
This isn't a game your life I'll swallow
And I can't help to smile at your pain
You wanted to play but I already wonGolding I plant the seed inside your head right away
Watch it grow, destroying your insides
Pleading to comfort you with my sadistic ways
I watch the tears fall, I crack a smile1 I love hurting you
2 I love your pain
3 Let's get together and play this sin ours game
4 is for the torture and
5 is for the shame
'Cause ever time you want it I get off on this gameYou wanted to play the coldness follows
This isn't a game your life I'll swallow
And I can't help to smile at your pain
You wanted to play but I already wonI look at you and start to crack start to crack
I give it to you take it back, take it back
This lullaby is all you have, all you have
Sadistic pleasure I attack, I attack
I attack
I attack
I attack
I attackYou wanted to play the coldness follows
This isn't a game your life I'll swallow
I can't help to smile at your pain
You wanted to play but I already won
I already won
I already won
