Shake hands all around
Everybody wants to fight and you are the perfect target for this night
Your monsters stayed at home Your nerves shout: you're alone
Your nerves shout: you're alone
It goes on and on... Success has bought a gun pick up the telephone
You've found the best excuse it has the perfect use So you wait for the sun to come down so you can feel the
satisfaction strange reaction you cause with all your tears
Shake all hands around
I'm sure you found a perfect target for this night
Your monsters stayed back home
It goes on and on Success has bought a gun pick up the telephone
You've found the best excuse it has the perfect use So you wait for the sun to come down so you can feel the
satisfaction strange reaction you cause with all your tears So you wait for the sun to come down so you can feel
the satisfaction strange reaction you cause with all your tears. Now our shame is known
For this pain and tears
This feels so wrong
Everything is on me Now our shame is known
For this pain and tears
This feels so wrong
Everything is on me
Now our shame is known
For this pain and tears
This feels so wrong
Everything is on me
