At Natures Mercy

Hot Rod Circuit

Hard not to get hooked...
Hooked on you.
Hard not to get hooked...
Hooked on you.I think of all the trouble that we get into whenever I'm around you.
Nothing I can do.
All the secrets and mistakes
Yeah, that were made.
What else do I have to say?
I hate being without you.
Never going to leave your side 'cause I can't resist the crazy thing you do.
It's going to take a lot of your time and I hope someday I can give it back to you.All the trouble that we get into.
Whenever I'm around you,
All the secrets and mistakes that we made.
What else do I have to say?
I hate being without you.
Never going to leave your side 'cause I can't resist the crazy thing you do.
It's going to take a lot of your time and I hope someday I can give it back to you.Hard not to get hooked...
Hooked on you.
Hard not to get hooked...
Hooked on you.I think of all the trouble that we get into whenever I'm around you.
Nothing I can do.
All the secrets and mistakes
Yeah, that were made.
What else do I have to say?
I hate being without you.
