

What Are You Waiting For

[Lindsay Lohan](#)

Sometimes I get that overwhelming feeling
So sad, the faces on TV
If I tried to make a difference would it help anyway?
But then I stop and to myself I say So you wanna change the world? What are you waiting for?
Say you're gonna start right now, what are you waiting for?
It only takes one voice, so come on now and shout it out
Give a little more, what are you waiting for? Sometimes, I feel a little helpless
Seems like I can't do a thing
But anything is possible, just you wait and see
Good things happen, if you just believe So you wanna change the world? What are you waiting for?
Say you're gonna start right now, what are you waiting for?
It only takes one voice, so come on now and shout it out
Give a little more, what are you waiting for? Someday, somehow I'm gonna take that step
'Cause time is tickin' away
Right here, right now before it's too late
I'm gonna face tomorrow today Don't wait
Yeah
Yeah, yeah, yeah So you wanna change the world? What are you waiting for?
Say you're gonna start right now, what are you waiting for?
It only takes one voice, so come on now and shout it out
Give a little more, what are you waiting for? So you wanna change the world? What are you waiting for?
Say you're gonna start right now, what are you waiting for?
It only takes one voice, so come on now and shout it out
Give a little more, what are you waiting for?
