I Fall Asleep

Sarah Bettens

Who try to say something
who drive to go somewhere
it sounds so strange to me
today i fall asleepjust forget your problems
sleep, sleep, sleep
i fall asleep
contraddictions
sleep, sleep, sleep
i fall asleep
forget your problemsBroadcasted voracity
spectacular tragedy
pink parade of human being
i'm feeling better
i fall asleepi fall asleep
i forget my problemsIt's just a ravenous need
fear on the screen
forget about your feelings
enjoy the show and start to bleeding
just fall asleepi fall asleep
contraddictions
sleep,sleep,sleep
i fall asleep
forget your problemsah!
i forget my problems
tragedy: is lovely on the screen
i fall asleepi'm sorry
but now
it's time
for another
storyi fall asleep
broadcasted voracityi fall asleep
contradditions
sleep,sleep,sleep
i fall asleep
forget your problems
i hope you enjoy the show!
