

Light It Up

David Ray

I guess that's the last of the pictures, yeah I got am all down
I guess you won't be needing your favorite t-shirt because you ain't around
Gonna box it up and drive it out and take it to our spot on the edge of town
Splash a little gasoline all over your memory Gonna light it up (whoah)
Watch the flames burn away
What I thought was love, now it ain't anything
All of the heartache, every mistake, turn even your goodbye into dust
Everything that's left of us
Oohhh I'm gonna light it up
I tried so many times to get you on the phone, but your phone kept ringing
And i tried so hard to start movin' on, but your stuff's got me thinkin' that
There's a chance you might come back, if it's all over gotta face the facts
I ain't sayin' it's right, but it sure feels right Gonna light it up (whoah)
Watch the flames burn away
What I thought was love, now it ain't anything
All of the heartache, every mistake, turn even your goodbye into dust
Everything that's left of us
Oohhh I'm gonna light it up
Gonna light it up, gonna light it up
A rush of flames burn away what I thought was love
Now it ain't anything
All of the heartache, every mistake, turn even your goodbye into dust
Everything that's left of us
Oohhh, I'm gonna light it up
Light it up
