

Electric Cucumber

Zilch

Hey baby scratch your number-on my electric cucumberCrawling on my hands and knees
like some rubber cockroach in a striptease
I can see inside your mind now
I know just what you want
And how
You know just what I want
so do it...do it do
The voice inside your head
Listen to it
Listen to it....listenHey baby scratch your number-on my electric cucumberRubber, leather, p.v.c
wrapped and trapped inside
your fantasy
cybersex queen made for action
pay the price for satisfactionHey baby scratch your number-on my electric cucumber
