Prodigy

I am not what you thought, I am all seen

Bring it on, I am thrown
I am more than your worst nightmare

G's I am God, I am purplexin
My bargglin hard, I am D .
And who are you?
Nobody what are we? Anything, any rap in here
And the hip hop game wish to be
All r.a.p. grand wizard on the sixteens
That bust like ...
In Lord magazines i shine
Illuminate, get my aura is awesome
Illuminati is us, we are the origin
Of all inlighting
This pirates stole our shit
So, now you know.
Skulls and bones.
Skull-bo, scalp you
Scare the pussy a lot
When they find is you
Skull and bones Great white colors
All the whites cuts you
Do you like 'em
When they'll find your
Skull and bones .
I am not what you assume I am a f-cking terror
Will you ever make a move,
I am angel to smoke
Please light up my fuse,
These niggaz pussy, word to mommy I would do
Niggaz filthy, I am really to things that i rap
You just a custy trust me

F-ck em fan bloody, all they're going through is hell
I'll be your knowing, you nigga structures ain't fit
Using gang glass joy, I wish I didn't kill
All r.ap. grand wizard on the sixteen
They spit like 47 and 50 cows I bang
I shine, illuminate
Get my aura, is awesome
Illuminati is us, we are the origin
Of all inlighting
This pirates stole our shit
So, now you know.
Skulls and bones.
Skull-bo, scalp you
Scare the pussy a lot
When they find is you
Skull and bones Great white colors
All the whites cuts you
Do you like 'em
When they'll find your
Skull and bones .
