

Weightless

[Katie Herzig](#)

Green, color of trees that grow
Well, I am barely breathing
A tangle of hate and love
I can't tell if I am numb or feeling
Cause I am brokenhearted
And you are beautiful
I am undecided
And you are weightless
Sun, behind the blinds
I can't open what I can't find
And lies that taste so sweet
I'm not cravin' anything I need
Well I am brokenhearted
And you are beautiful
I am undecided
And you are weightless
