# Dance All Night (feat. Problem)

## [Baby Bash](#)

Dance, dance, dance, danceI feel like dancing
every night when the rhythm is right
and i've got it so tight
When i'm moving, to the beat
You can see my feet
It's going crazy
And the way that you move(boogie baby, boogie baby)It's all about the things that you do
(the things you do)And the way that you looked, i was hooked
All i want to do is boogie with you(do you want to boogie)(Dance all night)
I feel the rhythm within my soul
(move is tight)
My body's shaking from head to toe
(dance so high)
Everybody's all on the floor
Music is jamming and slamming
We dance all nightI'm hot and sweating all the time
But it feels so good
It feels just like it should
Girl i'm betting
That you're ready
To do what we do
Let's rock it nice and smooth
Look at the way that you move
(boogie baby)
It's all about the things that you do
(the things you do)
And the way that you looked, i was hooked
All i want to do is boogie with you
(we can make it boogie)(Dance all night)
I feel the rhythm within my soul
(move is tight)
My body's shaking from head to toe
(dance so high)
Everybody's all on the floor
Music is jamming and slamming
We dance all night(do you want to boogie)(Dance all night)
I feel the rhythm within my soul
(move is tight)
My body's shaking from head to toe

(dance so high)
Everybody's all on the floor
Music is jamming and slamming
We dance all night(Dance all night)
I feel the rhythm within my soul
(move is tight)
My body's shaking from head to toe
(dance so high)
Everybody's all on the floor
Music is jamming and slamming
We dance all night(Dance all night)
Can you dance for me,
dance for me baby
(move is tight)
(dance so high)
