

# Love and Luxury

## Korn

I read your little book Head  
I read your little book Head You need a reason to believe  
A reason to deceive  
A reason for the song you're singing  
And everything you do  
Makes perfect sense to you  
So why is your alarm bell ringing [Chorus] I know that your so f\*\*king lonely You need a way to get along  
A way to carry on  
A symptom for the pain you're making  
And surely you should know  
That everywhere you go  
There's hazard in the world you're making [Chorus] You run it, so you best believe it  
You sold it, now your soul perceives it  
You wave a book but now agree with this  
The damage of betrayal  
To hell with that A reason to believe  
A reason to deceive  
A reason for the song you're singing  
And everything you do  
Makes perfect sense to you  
So why is your alarm bell ringing [Chorus] Don't you think you should move on? Don't you think you should  
move on?
