

Lay Away

The Isley Brothers

Gonna put your lovin' in the lay away
Coming back to get it on another day, hey
Don't have to worry 'bout it gettin' away hey, hey
Well, your love is safe in the lay away Hey, hey layaway
In the layaway Evetybody's got someone
They wanna keep safe away
Everybody needs someone to
Love on a rainy day
Put your love in the lay away Yeah, well I got to hold, hold on to my receipt
Girl, to redeem your love
That's exactly what I need
Your love and kisses
Makes it fell complete Girl, I've been crazy
Since the day I saw you
My heart keeps beating for you
And I ain't gonna let you get away
Girl, I'm going straight down to the man Gonna put it in the lay away lay away Coming back to get it on another
day
Girl I been crazy since the day I saw you
My heart keeps beating for you
I ain't gonna let you get away
You ain't gonna get away Gonna put it in a layaway Coming back to get it on another day
Coming back to get it on a rainy day
I've got to put your love in the lay away Lay away
