she like the drama,
but she hates my ambiton
shes like slow down baby
im like hey baby listen
when i spit it thousands listen so go and quit your fussin
if its fair or if its not
i get paid end of discusion
and my game so fresh
her body lives when i touch her
but i had to let it go because shes fast but im faster
and the moneys what im after
im a villian if i have to
maybe kick her to the curb and stand there laughing
in my all white converse
sipping on that 1 51 jeans tight enough my stick look like a gun
but whatever gotta run we gotta hustle until the sunset
shes looking at me like baby are you done yet

next be yourself no matter what they say thats number two
then get your money right then keep it tight thats number three
and if the haters choose to talk make them walk thats number four
