

Take It Off

UGK

Take it off

Baby take it all offUhh, take it off chick, bend over, let me see it

If you lookin for a trill-type figure, let me be it

Got the V-12 Benz, parked outside

It ain't enough room to fit dem gulls in my ride

It's on a, work somethin, twerk somethin basis

Makin big change, dancin in them tricks faces

She sleep in the day, but bump some booty at night

You kiss that thang and I'm out, cause she been playin with my pipe

Now get your mind right, hater, you a simp (a simp)

And I'm a red hot undercover pimmmmmmp (pimmmmp)

That make them gulls get down on the flo', on the flo'

Like a real live money makin pro, uhhYou gotta take it off, take it off, UNH

And let a first class nigga break you off, chick

You gotta take it off, take it off, UNH

And let a first class nigga break you off some, chickUnh

It was a Secret that Victoria tried to hide

A little sly delight, I done pushed my pride aside

Just to slide inside, man I done died tonight

Now what I'm 'sposed to do? Been got close to you

Lookin like a poster to, don't wanna boast but you Missus

Do a Dr. Feel good, lay a playa real good

Limpin came back, and it was still good, she will

Put a few tips in her mouth, that's that definition

Of them true chicks in the South, let me do my thang

On the cool quick to the crotch, get the beds but guess what?

We kickin them hot, shakin it soft, should a been here

She did eight and the law, but you was late and you lost

Man she was takin it offYou gotta take it off, take it off, UNH

And let a first class nigga break you off, chick

You gotta take it off, take it off, UNH

And let a first class nigga break you off some, chickI'm sitting, touchin' with my diamonds on, and man I

Miss that boy Pac, sippin' liquor tryin' to grip the chrome

I keep a chip off in my cell phone, they used to call me Pimp C

But now the chicks they call me James Jones

And if I skip I'm back to D-slangin, keep them boys nod-headed

Keep the boppers with they butts swangin

I used to be the young playa holdin

Now I leave them gulls with they jellyroll swollen, I'm rollinYou gotta take it off, take it off, UNH

And let a first class nigga break you off, chick
You gotta take it off, take it off, UNH
And let a first class nigga break you off some, chickComin direct from the Gentlemen's, full of that flint again
Live on stage fellas, this is Cinnamon
Fine, Black and feminine, I'm fin to win, look at the sin I'm in
Full of hallucinogens, me her and her friends
Now the venom in my snake, wanna poison
Come in with a brother and the boys and
Make sure you don't forget to bring the toys and
We stuck it check it, we gots to keep em gettin bucked naked
Makin it soft, we keep these boppers takin it offYou gotta take it off, take it off, UNH
And let a first class nigga break you off, chick
You gotta take it off, take it off, UNH
And let a first class nigga break you off some, chickYou gotta take it off, take it off, UNH
And let a first class nigga break you off, chick
You gotta take it off, take it off, UNH
And let a first class nigga break you off some, chickHold up
