

Jesus over Everything

[planetboom](#)

No one can move like Jesus does
No one can love like Jesus loves
Oh, He can change the hardest hearts
Nothing else but Jesus love No one can save like Jesus saves
He is greater than everything I've faced
And I will serve Him for all my days
Nothing else but Jesus name For there is no one else like You
There is no one else like You
You're the King of our generation
Jesus, there is no one else like You You are the truth, You are the way
You have the Name above all names
And every moment of every day
I live to shout of Jesus praise
For there is no one else like You
There is no one else like You
You're the King of our generation
Jesus, there is no one else like You
Jesus, there is no one else like You Over every temptation ever aimed against us
Over sin and depression
Over fear and sickness
Over emptiness and loneliness
Over silence and shame
Over the potential that we've wasted seeking acceptance and fame
Over racism and hate
Over violence and rage
Over every substance we've ever taken trying to avoid all the pain
Over success and popularity
Over pride and vanity
Over every attempt we've made to try escape our reality
Over the search for identity
Over the enemies of our destinies
Of the lives of our past
That will try to keep us from whom we're called to be, huh
Over everything the world would try to tell us to seek
Over everything [3:41?] we need
Over money and possessions
Things we're meant to sell out to
Over the "gods" of our generation
Things we're meant to bow down to

Over every name
Jesus over everything
Jesus over everything
For there is no one else like You
There is no one else like You
You're the King of our generation
Jesus, there is no one else like You
Jesus, there is no one else like You
