How Many Cans

Soul Coughing

Is you am a dog?
Is you got a dog?
Is you am a dog?
Hold closed the jaw
Is you am a dog?
Is you got a dog?
Is you am a dog?How many cans must I stack up
To wash you out from my mind
Out of my consciousness?
How many times must I cash out
To bring you back the check, fat
Off of my slenderness?She says, "Yea
But he's not in right now"
You pause, you like her answerYou know that but you go on
You know but that you go on
You know that but you go on, on
You know but that you go on
You know that but you go on
You know but that you go on, onHow many cans must I stack up
To wash you out from my mind
Out of my consciousness?
How many times must I cash out
To bring you back the check bad
Off of my slenderness?You know but that you go on
You know that but you go on
You know but that you go on, on
You know that but you go on
You know but that you go on
You know but that you go on, onHow many cans must I stack up
To wash you out from my mind
Out of my consciousness?
How many times must I cash out
To bring you back the check, fat
Off of my slenderness?How many cans must I stack up
To wash you out from my mind
Out of my consciousness?
How many times must I cash out
To bring you back the check, fat
Off of my slenderness?Slenderness, slenderness, fire

Slenderness, slenderness, slenderness, fire
Slenderness, slenderness, slenderness, fireIs you am a dog?
Is you got a dog?
Is you am a dog?
Hold closed the jaw
Is you am a dog?
Is you got a dog?
Is you am a dog?
Hold closed the jaw
Hold closed the jaw
Hold closed the jaw
