

# We Need a War

## Fischerspooner

We need a war  
We need a war to show em  
We need a war to show em that we can  
We need a war to show em that we can do it  
Whenever we say, we need a warIf they mess with us  
If we think they might mess with us  
If we say they might mess with us  
If we think we need a war, we need a warWe need a war  
If we think we need a war  
We need a war  
If we think we need a warA war to make us feel safe  
A war to make em feel sorry  
Whoever they areIf they mess with us  
If we think they might mess with us  
If we say they might mess with us  
If we think we need a war, we need a warWe need a war  
If we think we need a war  
We need a war  
If we think we need a warCan we do it?  
Sure, we canWe need a war  
We need a warWe need a war, we need a war  
We need a war, we need a war  
We need a war, we need a war  
We need a war, we need a war
