

Now That You Got It

Gwen Stefani

And now with the following collection of the Swizzy sounds
Now that you got it what you gon do about it?
Now that you got it what you gon do about it?
What you gon do about it? What you gon do about it? Now that you got it what you gon do about it?
Now that you got it what you gon do about it?
Now that you got it what you gon do about it?
What you gon do about it? What you gon do about it? Now that Im your baby the things you promised me now I
want
Now that you got it what you gon do about it?
What you gon do about it? What you gon do about it?
All the stars I was reachin' for you had in the palm of your hand
And if for just once I would let the padlock on the door be open Well, dammit, just get on over here
This better be the best thing I ever felt
My days they better be sunny
Better be nothing but all that I want Now that Im your baby the things you promised me now I want
Now that you got it what you gon do about it?
Now that you got it what you gon do about it?
If Im really your baby then share with me your secrets and all
Now that you got it what you gon do about it?
What you gon do about it? What you gon do about it? Im the raddist queen of them all
I can have anyone, so what I want?
Perfect, get it right, never wrong
So you gonna step it up or you gon be gone? Not like the rest
(Not this)
Nothing is typical
(Nothing is typical)
This is not a test
(No test)
This is a for sure
(Its all gotta be a for sure) Now that Im your baby the things you promised me now I want
Now that you got it what you gon do about it?
Now that you got it what you gon do about it?
If Im really your baby then share with me your secrets and all
Now that you got it what you gon do about it?
What you gon do about it? What you gon do about it?
(Yo Gwen, whatcha make em do?) Well, Id train him like a Marine Corps
Boot camp, make him like a superhero
(Yes maam!)
That always better be his response

Or I dont give a dog a bone, attention! Show me your skeletons, lets not play games
We can be closer than sharin' last names
The award is a Purple Heart, it could be yours
If you earn that medal, yup you could be my boy If Im really your baby then share with me your secrets and all
Now that you got it what you gon do about it?
What you gon do about it? What you gon do about it?
If Im really your baby then share with me your secrets and all
Now that you got it what you gon do about it?
What you gon do about it? What you gon do about it? Now that you got it what you gon do about it?
Now that you got it what you gon do about it?
Now that you got it what you gon do about it?
What you gon do about it? What you gon do about it?
