Track Me

1000mods

when you track me
you know you got mewhen you're living free
for tomorrownow you have me
for a nothingit seems that you are free
take it easylife is hard as if
you feel no sorrowain't nothing that i wouldn't do
to keep you far from the fire that's burning my baby
take a trip that no longer exists
it's still alive in your heart always honey
