

# No Ideas (feat. Steven Wilson)

[Paul Draper](#)

I did a Google search for what comes up when I type in that Iâ€™ve got no ideas. I added insult to my injuries by taking up a song called No Ideas.

Iâ€™ll hammer you by saying no ideas. Iâ€™ll pick away just like you taught me to. Everybodyâ€™s got one

Cos Iâ€™ve got no ideas. Seems like theyâ€™re all the same. Cos Iâ€™ve got no ideas. Just use the same one ag

I took a book and turned it upside down and cut it up cos Iâ€™ve got no ideas. I shot a blank with something vaguely not connected to the urban dictionary.

Iâ€™ll hammer you by saying no ideas. Iâ€™ll pick away just like you taught me to. Everybodyâ€™s got one

Cos Iâ€™ve got no ideas. Seems like theyâ€™re all the same. Cos Iâ€™ve got no ideas. Just use the same one ag

Youâ€™re using clever words to look just slightly more important than you really are. Youâ€™re like the man who serenades in cultural meaning that youâ€™ve just got no ideas.

I hammer you by saying no ideas. Iâ€™ll pick away just like you taught me to. Everybodyâ€™s got one. Cos Iâ€™ve got no ideas.

Cos Iâ€™ve got no ideas. Seems like theyâ€™re all the same. Cos Iâ€™ve got no ideas. Just use the same one ag
