

# Nanna

## Xavier Rudd & The United Nations

-chanting in other language Hey He-hey x10 Hey  
There's the wind that through the souls of my feet into my lungs go  
Meditation of an ancient kind  
Exhaling through my third eye  
Stand strong in what I know  
Stand aside from the ego  
As they day turns into night  
Through the breeze I hear you cry,  
"I believe in you. I believe in you. I will pray for you. I will pray for you."  
(Believe)  
I believe in you.  
I will pray for you.  
-chanting in other language  
I believe in you (I believe in you)  
I believe in you (I believe in you)  
I will pray for you (I will pray for you)  
-chanting in other language  
Your rivers flow with ease  
Down the serpent's line once streamed  
In these hands I hold your light  
Through these hands Nanna I'll guide  
I'll guide  
You fuel me from the ground  
Pulled me up when I was down  
I believe in you  
I believe in you  
Stand strong keep the fire burning  
I'll Stick together, gotta keep the wheels turning  
For some companies to stand aside  
For some government to recognize the power of this dragon  
Stand strong keep the fire burning  
Stick together, gotta keep the wheels turning  
For some companies to stand aside  
For some government to recognize the power of this dragon  
I Stand strong to keep the fire burning  
I'll Stick together, gotta keep the wheels turning  
For some companies to stand aside  
For some government to recognize the power of this dragon  
I stand strong keep the fire burning

I'll Stick together, gotta keep the wheels turning  
For some companies to stand aside  
For some government to recognize the power of this dragon  
I stand strong keep the fire burning  
I'll Stick together, gotta keep the wheels turning  
For some companies to stand aside  
For some government to recognize the power of this dragon  
My god as I go in my darkest days  
Oh your spirit held me tight  
Through the ratchet days and nights  
I believe in you  
And mother I will pray, pray for you
